Dear friends,

First of all, thank you sincerely for taking the time to sign the official Canadian Parliament petition **e-7940**, advocating for Iranian former conscripts who are facing immigration challenges and inadmissibility in Canada.

Your signature means more than you may realize. Behind this petition are hundreds of individuals and families who have spent years building their lives in Canada, contributing to their communities, working hard, raising their children, and hoping for a secure future. Today, many of them are living with uncertainty and fear because of immigration decisions related to compulsory service they completed decades ago.

For these individuals, Mandatory service was not a choice. It was a legal obligation imposed on young men, with no freedom to refuse or determine where they would serve. Being a conscript should not automatically mean being considered a member or supporter of an organization.

Our goal is to bring awareness, fairness, and a clear distinction between compulsory conscription service and voluntary membership or involvement.

Although signing the petition is an important first step, we need your help to make our voices stronger.

Please take a moment to share the petition link with:

Your friends and family members.
Your colleagues and professional networks.
Anyone who believes in fairness, justice, and human rights.

You don't need to have a personal connection to this issue to make a difference. This is about fairness and the principle that people should be assessed based on their individual circumstances, actions, and choices, rather than being unfairly judged because of compulsory service performed many years ago.

Every additional signature helps raise awareness and demonstrates to Members of Parliament that this issue matters to Canadians and deserves attention.

Signatures and public support can help bring this issue to Parliament and encourage the Minister of Immigration to provide clear guidance to immigration officers.

After signing the petition, you will receive a confirmation email. Please make sure to click on the link in that email to confirm your signature. Otherwise, your signature will not be counted.

Thank you again for standing with these families and helping us advocate for a fair and compassionate immigration process. Together, our voices can make a difference. Please help us spread the word!

With sincere appreciation,
